News Bulletin – January 2026

Hello Centre Members.

I hope that you've all had a good Christmas and wish you all a Happy New Year!

It was good to see so many of you at our annual Christmas get together at The Rag at Rawsley and at our final visit for 2025, Shaping Shugborough - arranged by our friends at Shugborough to see the progress being made as part of the 10-year Shaping Shugborough Project.

We have a good variety of talks arranged to kick off the New Year and I look forward to seeing you at Edward's talk on the 13th

Best wishes
Margaret Winfield

The Art Of Origami – 13th January

A Talk by Edward Holmes

Edward first gave a talk on this subject in June 2023, where those attending, were invited to fold Shuzo Fujimoto's '2-Stage Colour Change Hydrangea'.

For the benefit of those of you that may have missed his first talk, he will give you a quick recap on the origins and applications of origami, before teaching you three traditional models.

Many people associate origami with the 'Crane'; an international symbol of peace, however, for beginners it's quite a difficult model to fold. With this in mind, Edward has chosen to teach a 'Cup', 'Swan' and 'Butterfly', introducing

new folding techniques with each model.

So, even if you haven't done any origami before, come along to this session, for an introduction to the ancient art of paper folding.

Sweet Soul Music - 10th February

A Talk by Nigel Holmes

This talk, with musical interludes, takes its title from Arthur Conley's 1967 song of that name, where he pays homage to the blues and soul artists of that era; Lou Rawls, Sam and Dave, Wilson Pickett, Otis Redding and James Brown.

However, the story didn't stop there; let's not forget the likes of Aretha Franklin, Stevie Wonder and many more. In the UK, rare Tamla Motown records along with imported recordings from little known US artists, formed the basis of the Northern Soul movement.

So, "if you like good music", then we feel sure that you'll

enjoy this talk.
